Subject: EHS Facilities with Off-Site Consequences

Good morning,

We are finalizing the Aroostook County HazMat Plan which is a requirement of the State Emergency Response Commission. One of the requirements in the plan is to list all facilities that pose an off-site consequence. Cavendish Agri Services, Inc. in *Presque Isle* and *Houlton* are listed as those facilities. Another requirement is to list any other facilities such as schools, hospitals, businesses, etc. located near an EHS facility that would be negatively impacted if a release occurred from your facility.

Would you please send me a list of those facilities within your community that would be negatively impacted by a release from your facility? We are finalizing the plan at our next LEPC meeting on November 15th, so **please respond by November 1st**.

Thank you for your assistance.

Have a great day!
